

Small business support to our single women

Making single women Financially empower is one way to make gender equality in the community. As our goal is to empower single women, so we gave some bundles of clothes and iron to MS Jenisha Rai. With the hope that it will help her to earn for her personal need fulfillment. As she is depending on her in-laws. Being a dependent

daughter-in-law with a physical disability makes her feel very difficult many times. With this support, she is encouraged to do more for her and her daughter's livelihood.

She is Bishnu Kumal, a single mother with 2 daughters. So she is the only Breadwinner of the family. The photo shows that she is standing in front of her wooden cart. This wooden cart is the only way to make income for her livelihood. A few weeks before she had no money to bring things to sale so she was

praying and hoping as she got a small amount from Rise and Shine Nepal she again started her business and She is thankful to us. And she is doing very well.

Skill development training

“For the single women by the single women” as this saying Rise and Shine Nepal has conducted the pickle-making and liquid soap-making training in Rise and Shine Nepal’s office. This training was Facilitated by one of the single women From our single women group. In training 12 single women were participated. And in this training garlic fried pickle and soybean Nepali style choiala making was taught. Among them 1 woman is selling pickle by making as snacks set in her small snacks shop.

Liquid soap making training impact story

She is a single woman with a son. And she is a part-time domestic worker. She cannot work full-time due to her son's school and other things. So she is facing difficulties

in fulfilling her basic needs. So we encouraged her to do a liquid soap-selling business and gave her liquid soap-making training, after the training we gave her 2 sets of liquid soap-making materials. Now she has sold 24 liters of liquid soap and earned some money with this and from the money she received she bought a set of liquid soap and now she is ready to sale. And Thankful to Rise and Shine Nepal.
